

South Central Health District 5-1

105 E. Jackson St. • Dublin, Georgia 31021
Phone: 478-275-6545 • Fax: 478-275-6575

Thomas E. Craft, M.D., District Health Director

April 13, 2020

Due to the everchanging and fluid nature of COVID-19, the South Central Health District will no longer send out district-specific news releases. Instead, we are referring the public to the Georgia Department of Public Health's website, where a COVID-19 status report is released at noon and at 7:00 p.m. each day. To obtain county data as well as the total number of confirmed COVID-19 cases on a state level, please visit <https://dph.georgia.gov/covid-19-daily-status-report>. The South Central Health District will continue to keep the public informed of pertinent information related to how our district is affected by the COVID-19 pandemic.

Serving: Bleckley, Dodge, Johnson, Laurens, Montgomery,
Pulaski, Telfair, Treutlen, Wheeler, & Wilcox

We protect lives.
