# CITY OF DUBLIN PRIORITIES

## STRONG NEIGHBORHOODS

The City of Dublin creates and sustains strong neighborhoods that are safe, beautiful, clean, walkable, and connected. We accomplish this by prioritizing safety, beautification, parks, traffic calming, blight elimination, and housing redevelopment.

## TRAFFIC CALMING

## QUALITY GROWTH

The City of Dublin prioritizes growth through careful planning and guiding the sustainable development of our city in a way that promotes the health, safety, and quality of life for our residents while building wealth in our core. We accomplish this through improved development and zoning codes and policies that protect character areas and foster physically attractive growth and supporting our existing industry and businesses and compatible new businesses and industries.

## SOUND GOVERNANCE

The City of Dublin, through sound financial stewardship, provides for the public's safety, offers reliable city services, and maintains efficient transportation and utility infrastructure. We accomplish this through sound planning, striving for transparency, being responsive to citizens, and supporting our employees with the tools and training needed to be effective and efficient in their jobs.

# CYCLE 1 UPDATE
